🌿 A Greener Tomorrow — User & Admin Guide (Version 2)

Complete reference manual covering where to find the login portal, usernames & passwords, how to navigate the 7-tab Left-Sidebar Admin Dashboard, and how to operate every feature on the website.

1. Where to Log In & Exact Login Credentials

📍 **Where is the Login Page Located?**

- **Live Production Login URL (Namecheap):** https://greener2morrow.org/login.php
- **Live Production Admin Dashboard URL:** https://greener2morrow.org/admin/index.php
- **GitHub Preview Login URL:** https://rknz.github.io/greener/login.html
- **From Any Page on Desktop:** Click the green **"Sign In"** button in the **top-right corner** of the header on https://greener2morrow.org/index.php.
- **From Any Page on Mobile:** Tap the **3-line Hamburger Menu icon (☰)** in the top-right corner of the header to open the slide-out menu drawer, then tap **"Sign In to Portal"** at the bottom of the drawer.

🔑 Username (Email) & Password Credentials

This website uses your **Email Address as your Username**. Below are the 3 built-in accounts (you can also click the 1-click Demo Credential pills directly on the Login page to auto-fill them):

Account Role	Username (Email Address)	Password	What This Account Can Do
Administrator (Master)	`admin@greener2morow.org`	`Greener@2026!`	Full access to the **Admin Dashboard** (all 7 sidebar tabs), publishing posts, managing hero slides, gallery, users, comments, inbox, and site settings.

Account Role	Username (Email Address)	Password	What This Account Can Do
Editorial Lead	`editor@greener2morow.org`	`Editor@2026!`	Can submit articles/research reports and post comments & replies on articles.
Registered Member	`member@greener2morow.org`	`Member@2026!`	Can submit community posts and post opinions/replies in article comment threads.

💡 How the Same-Page Login Works (No Page Redirect)

1. Open https://rknz.github.io/greener/login.html (or `/login.php`).
2. Type the **Username (Email)** into the "*Email Address*" box and the **Password** into the "*Password*" box (or click one of the quick-fill demo buttons on the left panel of the login page).
3. Click **"Sign In to Portal"**.
4. **What happens next:** The page does **not** redirect away. Instead, a notification banner appears **directly below the Sign In button**:
    - If the password is wrong, a **Red Error Notification** appears below the button.
    - If the password is correct, a **Green Success Notification** appears below the button along with action buttons: **"Open Admin Dashboard"**, **"Community Workspace"**, and **"Return to Home Page"**.

2. All Public Website Pages & Links

Page Name	GitHub Live Link	Namecheap PHP Path	Key Features on This Page
Home Page	index.html	`/index.php`	Black-overlay Hero Slider, 4 Live Impact Counters, Core Pillars, Featured Research & Blog cards, Gallery preview.
Activities	activities.html	`/activities.php`	Filterable field campaigns; clicking any card opens its Dedicated Details Page with readership metrics & comments.

Page Name	GitHub Live Link	Namecheap PHP Path	Key Features on This Page
Researches	researches.html	`/researches.php`	Scientific studies & ecological audits with dedicated reading view, metrics, and threaded comments.
Blog & Vlogs	blog.html	`/blog.php`	Articles & video vlogs with category filter, search bar, readership telemetry, and nested comment replies.
Field Gallery	gallery.html	`/gallery.php`	Category-filterable WebP photo grid with full-screen Lightbox zoom.
Join Us	join.html	`/join.php`	New Member/Volunteer registration form + Community Article Submission form for logged-in members.
Contact Us	contact.html	`/contact.php`	Secretariat contact details & inquiry form connected to the Admin Inbox.

3. Navigating the Admin Dashboard (Left-Sidebar Tabs)

Open https://rknz.github.io/greener/admin/index.html (or `/admin/index.php`). All management tools are organized in the **Left Sidebar** into 7 tabs:

Tab 1 Executive Overview (`#overview`)

- **Location:** Left Sidebar → *Executive Overview*
- **Features:** Displays 7 live KPI summary cards (Published Posts, Pending Queue, Users, Gallery Photos, Total Views, Member Comments, Unread Inbox Messages), Quick-Action shortcut buttons, and the Recent Platform Activity table.

Tab 2 Content & Posts (`#content`)

- **Location:** Left Sidebar → *Content & Posts*
- **How to Publish a New Post:** Fill out the top form (Post Title, Content Type: `Activity` / `Research` / `Blog` / `Vlog`, Category, Read Time, Cover Image, Excerpt, and Full Article Body) and click **"Publish**

Content Now".

- **How to Moderate or Feature Existing Posts:** Scroll to the *All Posts & Moderation Queue* table below the form. Use the buttons on any row to **Approve**, **Set Pending**, **Feature on Homepage (** `★` **)**, **View Live**, or **Delete**.

Tab 3 Hero & Media Gallery (`#media`)

- **Location:** Left Sidebar → *Hero & Media Gallery*
- **Homepage Hero Slider Manager:** Add new rotating homepage banners with custom Badge text, Headline, Sub-caption, Button links, and Background Image, or toggle existing slides Active/Hidden.
- **Field Photo Gallery Manager:** Upload new photos with Title & Category to the Gallery page, or delete existing photos.

Tab 4 Comments & Inbox (`#communications`)

- **Location:** Left Sidebar → *Comments & Inbox*
- **Member Comments & Replies Moderation:** View all comments and nested replies posted on articles, jump to the article page, or delete inappropriate comments.
- **Secretariat Contact Inbox:** Read inquiries submitted via the Contact page, mark them as **Read**, click **Reply** to email the sender, or **Delete** messages.

Tab 5 Users & Access Control (`#users`)

- **Location:** Left Sidebar → *Users & Access Control*
- **Create New Accounts:** Use the left form to add a new Member, Editor, or Administrator.
- **Manage Users & Reset Passwords:** In the user table, use the dropdown to change a user's Role, click `🔑 Reset Pass` to set a new password for any user, or click `Ban` / `Activate` to suspend or restore access.

Tab 6 Brand & Site Settings (`#settings`)

- **Location:** Left Sidebar → *Brand & Site Settings*
- **Where to Change Site Info & Impact Numbers:** Edit the Organization Title, Tagline, Mission Statement, Contact Email/Phone/Address, Social Media links, the **4 Homepage Impact Counters** (*Trees Planted, Plastic Removed, Active Volunteers, Communities Reached*), and the **Logo Placement Checkboxes**. Click **"Save All Site Settings"** at the bottom.

Tab 7 Performance & Logs (`#performance`)

- **Location:** Left Sidebar → *Performance & Logs*

- **Features:** Adjust the WebP Image Compression slider (`40%–95%`), Browser Cache TTL slider, and Lazy-Load Margin slider; purge runtime cache; trigger a 1-click SQLite database backup; and inspect the Visitor Telemetry Log.

4. How to Read Articles, View Metrics & Post Comments/Replies

1. Go to Blog & Vlogs, Researches, or Activities and click **"Read Full Article"** on any post (for example: Youth Climate Action Summit 2026).
2. At the top of the article, view the **Readership Telemetry Bar** showing *Total Views*, *Verified Readers*, *Reading Time*, and *Member Opinions*.
3. Scroll to the bottom of the article to find the **Community Discussion & Member Opinions** section.
4. Once signed in, type your opinion into the comment box and click **"Post Opinion"**, or click **"↩ Reply"** beneath any existing comment to post a nested reply directly under that comment.
